ltem	Assigned to	New Business						
4-14:1	Job schedule stil	l looks like a completion on 6/2/05						
4-14:2	Jobsite walkthrou	ugh. Drywall complete in FG today with HG scheduled for Tuesday of next week.						
-	Site work to com	mence tomorrow.						
4-14:3	The revised site	plan deleted the islands (2). The unitil pole will require a brace that had intended						
-	to land within one	e of the islands. Now that the island is gone the brace will remain and be into the						
-	parking by about	2 or 3 feet. KR will suggest that the Town place a stone by the brace.						
4-14:4	Propane tank (U	G) relocated to the North end of what was the Fire Garage. Location approved. It						
-	appears that the	re will not be extra cost for this revised location.						
4-14:5	Sign at existing L	ibrary will not be relocated at this time (Redundant and no good location) Power						
-	intended to feed	the sign will remain caped at building foundation.						
4-14:6	Discussed the re	quirement for floor drains in the meeting room toilet and mechanical rooms. KG to						
-	check on code re	equirements. Would like to avoid cutting slab.						
4-14:7	Discussed the po	ossibility of installing vinyl base in the storage room in Lou of finishing drywall to the						
-	floor.
